

LEWISBins, the cornerstone of the LEWISBins+ family of products, are available in 7 industry standard sizes. These high-quality polypropylene bins are competitively priced to bring value and efficiency.

Now available with antimicrobial product protection. Call your LEWISBins+ sales representative for more information.

- Hopper front with curved design enables convenient part retrieval.
- Wide stacking ridge enables stacking to save space.
- Optional dividers increase versatility.
- Large front label slot allows bar code or ID card.

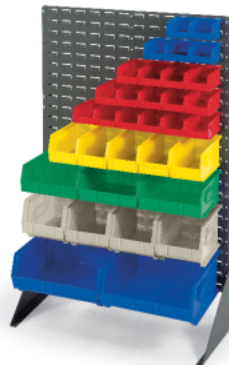

These high-performance bins are used for secure storage of small parts in industrial assembly operations, healthcare, stockroom, warehouse, and hardware merchandising applications.

## METAL STORAGE SYSTEMS

LEWISBins work with most existing shelving and LEWISBins+ Metal Storage Systems, including louvered panels, bench assemblies and other hanging systems. These versatile systems allow you to easily control inventories, organize picking systems and optimize space. See pages 4-9 for more information.
